Dear Mr. Wood:

In response to your request of August 19, I am glad to enclose samples of the two types of driver awards made by the National Safety Council, together with a clipping from one of our pamphlets explaining the conditions under which these awards are made.

You may also wish to have the enclosed photographs and information concerning our President's Medal. As this is a more elaborate medal I cannot send you one of them, but I trust the photographs may prove useful.

I am indeed glad to know of your interest in the awards for life saving made by the various companies that have taken an interest in this work.

Yours very truly,

R. L. Forney, Assistant
to the Managing Director

Dear Mr. Forney:

I beg to acknowledge your letter of August 23rd, accompanying photograph of the President's medals and two of the badges given to drivers. I think this supplies us with the various information that we wish. In behalf of the Society I beg to thank you for your consideration in sending this to us.

We are gathering material concerning medals given for saving life. These are chiefly for saving life at sea, and ultimately we hope to publish our findings.

Very truly yours,

Curator
